Projects

To Do List App

May 2023

Developed a modern and user-friendly To-Do List App using React, one of the most popular JavaScript libraries. The app allows users to create, manage, and organize their tasks and to-do lists efficiently.

E Commerce Website

July- Aug 2023

Created a responsive e-commerce website using HTML, CSS, Bootstrap, and JavaScript. This project offers seamless "Add to Cart" and secure "Checkout" functionality while harnessing the power of JavaScript to enhance user interactions and provide dynamic features.

Admin Dashboard

Oct 2023

Created a responsive Classroom Admin Dashboard using Next.js, Tailwind CSS, and Chart.js for impactful data visualization. Features include real-time admin count, teacher and student lists, streamlining classroom management.

Personal Portfolio Website

June 2023

Created a dynamic personal portfolio website using a combination of HTML, CSS, Bootstrap, and JavaScript. This website showcases my skills and projects in an interactive and visually appealing manner, allowing visitors to get to know me better and explore my work.

Achievements

- Achieved recognition with a prestigious award from "The Tribune" for outstanding academic performance, securing an impressive 96% in Class 10.
- Distinguished as a top performer in the "Software Testing NPTEL" course, earning a notable scholarship award of 1000 rupees for securing a position within the top 3 students.
- Achieved significant success in district chess competitions, securing two gold, one silver, and one bronze medal.

Skills

- Languages:** Java, C, C++, HTML/CSS, JavaScript, Linux
- Frameworks & Libraries:** React.js, Next.js, Tailwind CSS
- Tools:** GitHub, Visual Studio Code, SandBox, IntelliJ Idea
- Course Work:** Object oriented programming, Operating System, DBMS, Computer Networks, Data structures and Algorithms

Certificates

- Software Testing by NPTEL (2023)
- Foundation Of UX Design by Google (2023)
- Digital Marketing by Google (2023)
- JavaScript Essentials by Netacad (2022)
